

## Scholarships for Kids *in partnership with* **Montgomery Christian School** offers you an opportunity to reserve your tax credit today

The Alabama Accountability Act provides an incredible opportunity to *extend school choice to families by granting you a dollar-for-dollar Alabama state income tax credit* in exchange for a donation through the Alabama Department of Revenue to **Scholarships for Kids**, an authorized scholarship granting organization.

Your contribution redirects a portion of your taxes to provide scholarship funding for eligible families. **Scholarships For Kids** works in partnership with Montgomery Christian School to provide tuition funding to our families who need it most. Would you use your tax dollars to support the mission and children of Montgomery Christian School?
